

POPULAR USE CASES OF AI IN THE REAL WORLD

Artificial intelligence has a plethora of interesting applications in various situations in the real world. This unique AI-centric periodic table will acquaint you with many of them!

Sr Speech Recognition	Si Speech Identification								
Ar Audio Recognition	Ai Audio Identification	Pi Predictive Inference	Pl Planning						
Fr Face Recognition	Fi Face Identification	Ei Explanatory Inference	Ps Problem Solving		Lr Relationship Learning				
Ir Image Recognition	Ii Image Identification	Sy Synthetic Reasoning	Dm Decision Making	Lg Language Generation	Lc Category Learning	M Mobility	Cm Communication		
Gr General Recognition	Gi General Identification	Da Data Analytics	Te Text Extraction	Lu Language Understanding	Lt Knowledge Refinement	Ma Manipulation	Cn Control
